THOM-OKORO
DIEPREYE
COMPANY SECRETARY & GROUP HEAD,
HR & GENERAL SERVICES

Thom-Okoro is an analytical thinker, multitasker, and enthusiastic and result-oriented professional with 18 years of experience as a Senior Legal Executive. He has managed the provisions of legal support for local and international transactions, including Contract Negotiation and Providing legal advice with a wealth of legal experience in corporate practice as well as experience in Human Resources and Personnel Management. He is passionate about ensuring the efficient administration of the company and the development of others. Thom-Okoro is responsible for driving our legal and regulatory compliance and other compliances matters.

As a seasoned professional, with a consistent track record in the knowledge of interpretation of the law, impeccable understanding of business, Good Communication Skills, Interpersonal Skills, and Organizational Skills.

Thom-Okoro is a Member of the Nigerian Bar Association and a Member of International Bar Association.

ABIA-BASSEY
MARILYN AFFIONG
MANAGER, SUPPLY CHAIN

Abia-Bassey is a result-orientated and dedicated business professional with excellent Communication, Presentation and negotiation skills which help in the Organization's Strategic Growth and Supply Chain Objectives. With a high aptitude for Technology, a good grasp of numbers, and document preparation skills. She has worked in a wide range of manufacturing and Oil service Support Companies. She has a proven track record of driving business growth, business expansion, and developing competent teams.

Abia-Bassey has been in the business of e-procurement, Engineering Procurement, and supply chain for over 15 years occupying job roles involving Corporate Communications Technical Presentations to Bid Preparations and E-Procurement platforms. She is a goal-driven professional with the following skills, an Excellent Problem Solver with Analytical and Negotiation skills.

Abia-Bassey drives the implementation of setting goals at Amotoi and develops plans for business and revenue growth, researching, planning, and implementing new target market initiatives.

# **COMPANY OVERVIEW**

AMOTOI GLOBAL SERVICES LIMITED is an Engineering, Procurement, Construction and Installation onshore/offshore company strategically located in the Niger Delta and run by a diverse crop of seasoned professionals in an effort to meet the demand for top quality global solution services to the Nigerian Oil and Gas industry.

For over a decade, AMOTOI GLOBAL SERVICES LIMITED a wholly Nigerian company has grown to become a key industry player committed to and supporting the vision of Nigerian Content in the Oil & Gas Industry. We are also registered in several specialized and major categories with the Department of Petroleum Resources (DPR) as well as the Nigerian Petroleum Exchange (Nipex) e-market place.

#### VISION STATEMENT

Our vision is to grow a global name based on manpower capability, quality, and service reliability, in order to become our client's, preferred Professional Service Provider (PSP) of choice through excellence and efficiency in all aspects of the project life cycle.

#### MISSION STATEMENT

Our mission is to offer excellent services in each of our professional disciplines to the oil and gas industry in line with global best practices, thereby developing our team and providing a leading platform on which we service our esteemed clients.

#### **CORE VALUES**

At AMOTOI, we conduct our business in a fair, ethical, and professional manner and we associate with business partners (clients, subcontractors, suppliers, and financial institutions) that share these ideas. As a company and as individual employees, we have undertaken not to compromise the following fundamental values.

- Safety
- Integrity
- Teamwork
- Excellence
- Innovation
- Commitment
- No Excuses

#### **HSE POLICY**

AMOTOI GLOBAL SERVICES LIMITED's Occupational Health and Safety (OH&S) policy is committed to preventing injury and ill health in the work force and continually improve the performance of the OH&S Management System while complying with applicable requirements.

#### To this end:

- **This policy** shall be made available to all stakeholders in AMOTOI's operations and shall apply to all employees, clients, contractors and third parties affected by AMOTOI's operations or within its operational facilities.
- All line Managers/Supervisors are responsible for ensuring that employees
  are trained on approved work procedures, equipped to obtain optimal
  output free of accidents and injuries; and to ensure that employees follow
  safe work methods/related regulations.
- All personnel shall support the OH&S program and make them part of their routine, ensuring that they comply with safe work methods. Personnel shall comply with all applicable laws, regulations, standards, and procedures of relevant jurisdictions and be held accountable for implementing the OH&S program.
- **AMOTOI** shall minimize the impact of its operation on the environment and conserve resources obtained from the environment.
- AMOTOI shall ensure that all its operations are subjected to hazard analysis and appropriate controls implemented during execution and ensure that scheduled audit, inspections, drills for emergency preparedness and other programs for identifying hazards, unsafe acts conditions at the workplace are carried out.
- AMOTOI is committed to continually improve its OH&S Management System, regularly monitor its operations and effort for improvement of all aspects of Health, Safety and Environment and contribute to the enhancement of existing standards/codes.

This policy shall be periodically reviewed to ensure suitability.

# OUR FACILITIES

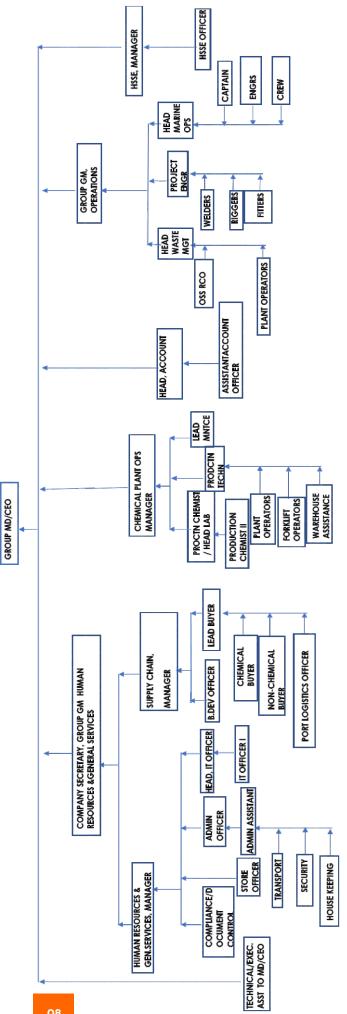

# STRUCTURE COMPANY

BOARD OF DIRECTORS

# WHAT WE DO

AMOTOI GLOBAL SERVICES LIMITED provides support services to major International & Local Oil Companies and specializes in the following areas: Supply of Petroleum Products, The Provision of Waste Management Services, Supply of Drilling and Production Chemicals, Engineering, Procurement, Construction and Installation Services. Amotoi provides marine transportation and delivery services for Petroleum Products (Fuels, Oils and Gas) to a number of International and Indigenous Companies for Operational purposes as well as provision of Support on various projects at various Onshore/Offshore locations e.g. NAOC, SPDC, Chevron and AITEO.

#### HAULAGE OF PETROLEUM PRODUCTS

Amotoi's proficiency in the seamless delivery of petroleum products to even the most challenging terrain with her dedicated equipment base [600 MT fuel barge named "Valerie Tonte 1" and a twin engine tug boat named "Lady Virtue"] has seen Amotoi deliver over 50 metric tonnes of Petroleum Products over the span of our operations and with running contracts still being serviced to the highest levels of professionalism.

# **PROVISION OF MARINE SERVICES** I.e. Provision Of Vessels, Provision Of Marine & Drilling Personnel, Vessels Management And Chartering Services.

AMOTOI has in place solid technical partnerships that enable the company provide specialized vessels for the maritime oil and gas industry operations as at when required. These vessels have various marine categorizations on the NOGICJQS Portal

We have the capacity to provide reliable Platform Support Vessels, Diving Support Vessels, and Anchor Handling Tug & Supply Vessels, Multi-Purpose Accommodation Vessels, Fast Crew Boats / Personnel Carriers, minimum of 500 HP Flat Top barges, minimum of 500 HP Tug Boats, minimum of 500 ton Fuel Barges, minimum of 500 ton Water Barges and 40 - 60 man capacity Houseboats.

AMOTOI also provides a full range of marine and drilling personnel from Seaman to Master, from Roustabout to Tool pusher and also catering staff. This service is available on an industry-wide basis through our network of local affiliates and associates allowing access to a comprehensive range of talent and experience across a number of marine disciplines.

#### AMOTOI OWNED VESSELS @ June 2019.

S/No	Vessel Name	Type of Vessel	Capacity	Location
1	Valerie Tonte	Fuel Barge	600 Tonnes	SBAR, Nembe FLB
2	MV Mondiafre	Ramp Barge 800 Tonnes		Akpajo Sandfield Jetty
3	Victory Nengi 1	Water Barge	700 Tonnes	Marine Base Jetty
4	Lady Virtue	Tug Boat	60 Tonnes	-
5	MV Lady Verena	Lay Barge	600 Tonnes	Akpajo Sandfield Jetty

#### PROVISION OF ENGINEERING, CONSTRUCTION & INSTALLATION SERVICES:

AMOTOI GLOBAL SERVICES LIMITED is an EPC Contractor with a proven track record of carrying out extensive engineering and construction services to the satisfaction and acclaim of our clients.

AMOTOI GLOBAL SERVICES LIMITED provides these services to a number of major International & Local Oil Companies and specializes in the Engineering , Construction, Cathodic protection and maintenance (Painting), Pipeline maintenance/repairs of valves. We have engaged in facility construction & maintenance and rehabilitation works with over a decade of experience in the oil and gas sector. We are registered with Local and International Oil Companies including SPDC, Aiteo, NNPC and NLNG and are open to doing more business with other partners in the industry.

In the Area of Pipeline Maintenance which is our core area of maintenance, we undertake the following services

- PLANNED / EMERGENCY PIPELINE REPAIR
- WELL HEAD MAINTENANCE
- COROSION CONTROL
- CLAMPING USING COFFER DAM
- FLOW LINE REPLACEMENT/PIPE LAYING
- SECTIONAL REPLACEMENT / FEBRICATION
- REMADIATION WORKS/CLEAN-UP
- CLAMPING USING SHORING

Amotoi Global Services Limited increases pipeline safety with inspection services, testing, cleaning, and drying. By engineering our services to suit your specific project, you'll have a more cost-effective solution. Whether a new system is going online or an existing system needs maintenance, our range of services will help you to meet pipeline safety regulations. We can do this for you and have done for a wide variety of clients Onshore and Offshore, in deep water and in the remotest of locations all over the creek; your pipeline gets off to the best possible start. We have pipeline inspection tools to examine the issues that can cause you problems, such as corrosion, pipeline movement, mechanical damage, or problems with cathodic protection. Debris in the pipeline can affect throughput, cause corrosion, increase operating cost, and prevent proper inspection. Finally, when you need to take the system out of operation whether for maintenance or at the end of its life, we can remove the product safely by purging with nitrogen and leave the pipeline in a condition that won't hurt the environment.

Pipeline Pre-Commissioning: AGSL's pipeline pre-commissioning services prepares your pipeline correctly before going into service, giving you years of trouble-free operation. Cleaning and drying thereby reducing erosion, improves efficiency, maximizes throughput, and prevents hydrates from forming.

AGSL Optimizes Pipeline Efficiency and Reduces Downtime ensuring that client's pipeline or Facility operates at maximum efficiency by keeping them clean. Our mechanical & chemical methods allow us to match pipeline conditions and ensure that debris such as crude oil, refined products, water and specialized petrochemical products at reduced cost.

**Integrated Pipeline Services:** AGSL's integrated pipeline services improves Client's planning and eliminate duplication to save you time and money on pipeline integrity projects, we offer pipeline cleaning, separation equipment, and inspection for reduced interface management,

pipeline evacuation and nitrogen purging to take the line out of service, followed by revalidation hydrotesting, dewatering, and drying after completion of repair works.

**Pipeline Cleaning (Flushing):** Amotoi's pipeline cleaning services reduces operational problems with the most efficient, cost-effective solution for the specific pipeline conditions. This ensures you get the biggest cleaning improvement.

**Pipeline Maintenance & Construction:** Amotoi Global Services Limited provides Oil Pipeline Construction and Maintenance services to leading energy clients, it's a highly-coordinated, well-planned operation by a large team of experienced professionals. Our Company employs a highly skilled workforce We have maintained a steady level of growth by emphasizing safety, work quality, client satisfaction, and employee development.

**Fabrication:** Amotoi Global provides Fabrication / Welding Services for our Clients in the Oil and Gas industry. We employ highly skilled Welders / Fabricators and has a state-of-the-art fabrication yard and Amotoi Global has the resources to complete large and small fabrication projects for Pipelines, Pump and Compressor stations

**Construction:** Amotoi Global provides Fabrication / Welding Services for our Clients in the Oil and Gas industry. We employ highly skilled Welders / Fabricators and has a state-of-the-art fabrication yard and Amotoi Global has the resources to complete large and small fabrication projects for Pipelines, Pump and Compressor stations

#### PROVISION WASTE MANAGEMENT SERVICES:

AMOTOI owns an incineration plant which it operates to carry out a host of waste management service including treatment of Industrial Waste streams such as Oily Sludge, Oily Rags, Medical Waste, Bio-degradable waste equipped with a Packed Bed Scrubber, signal isolator, reinforced plastic fans, Radial fume Exhauster (RFE), Fiberglass Pressure Blower, Fume. Our state - of - the art equipment is to cater to the environmental and waste management requirements of the Oil & Gas industry. Our facility is located in Emeyal 1, a few kilometers outside Yenagoa, Bayelsa State.

Our waste management team also carries out Oil Spill remediation as well as Environmental Impact

#### Assessment (EIA) services.

AMOTOI currently is providing High Temperature Incinerator services for SPDC East & West as well a contract for the Provision of Integrate Waste Recycling and Treatment Services for the Shell Petroleum Development Company Limited processing various waste streams for SPDC, NAOC, and AITEO Eastern Exploration Company Limited and is prepared and equipped to provide services to other preferred clients. We also have a fleet of suitable equipment that would transport any quantity of waste from any loading point to our facility.

#### **OIL SPILL REMIDIATION SERVICES**

The responsiveness of oil spill response companies plays an integral role in minimizing its impact as well as the time required to overcome it. To combat such problems, dedicated oil

spill response companies such as Amotoi remain vigilant and offer rapid response services to reduce the impact of the spill. At AMOTOI, we offer a variety of environmentally friendly oil spill cleanup services. One of our unique techniques for oil spill remediation is the use of our wide range of products that maximizes saturation and quickly absorb and assimilate oil. We ensure that our products are of top-notch quality and handled only by trained and experienced staff.

#### **EVACUATION AND TRANSPORTATION OF LIQUID WASTE / SLUDGE:**

AMOTOI has for use in the evacuation and transportation of waste(solid, liquid or oily sludge) a variety of equipment such as cranes, forklifts, vacuum trucks, skips, flat beds, PVS bags, boxes and tanks plastic buckets and drums, environmental Barge, and Tug boats for the evacuation and transportation of oily sludge and waste from the client location to our Incinerator plant for the treatment of a varying range of waste streams.

#### PROVISION OF INCINERATION AND TREATMENT SERVICES:

AMOTOI's Model 450s Waste Incineration can be used for the treatment of various streams of Industrial Waste streams such as Oily Sludge, Oily Rags, Medical Waste, Bio-degradable waste and is currently processing waste streams for SPDC and AITEO would be happy to provide services to preferred clients.

#### PROVISION OF WASTE DISPOSAL SERVICES:

AMOTOI is capable of properly disposing of the waste streams that are treated at our plant either in our facility or in any designated disposal site. We also have a fleet of suitable trucks and other equipment that would move any quantity of treated waste streams from any loading point to and from our Incinerating facility for disposal.

#### **AMOTOI OILFIELD CHEMICALS**

AMOTOI OILFIELD CHEMICALS is an emerging oilfield chemical and specialty fluid management company, supplying and optimizing key products and solutions to a wide base of international oil companies (IOCs) operating in the Nigerian oil industry as well as National oil companies (NOCs).

Our commitment to partnering with leading global technical companies and employing industry specialists and professionals has ultimately given us an edge and reputation in the oil field chemical space.

Our ISO 9001:2015, 45001:2018, 14001:2015 certification shows our sole commitment to maintaining international standards through our operations.

We have a management team which comprises of seasoned professionals with both local and international experience.

With excellent service delivery deeply rooted in the very core of our entire business offerings, we are vested in improved technology and service development.

#### **CHEMICAL SOLUTION**

- Production and specialty Chemicals.
- Drilling and specialty chemicals
- Chemical additives.
- Industrial chemicals
- Oil additives

### KEY ACCOUNT MANAGEMENT

- Dedicated account management.
- Product development in conjunction with technical partners.
- Workshops, trainings and seminars for client staffs.

#### **TECHNICAL SERVICES**

- Technical support to clients
- Field management and surveys
- Laboratory facilities and management
- Laboratory testing plus methods
- Technical/commercial recommendations

#### **OIL FIELD PRODUCT SOLUTIONS**

We provide oilfield production chemicals that helps operator optimize flow while reducing on its impact on the environment.

Our technical and flow assurance team is readily available to audit client's use of chemicals in order to optimize your product range. We provide full chemical management programs for operators. They make field visits to optimize the use of these products and advise on applications.

#### These chemicals solutions include:

- De-oilers
- Tailor made demulsifier
- Asphaltene inhibitors
- Asphaltene dissolvers
- Paraffin inhibitors
- Paraffin dissolvers
- Wax inhibitors
- Pourpoint depressants
- Corrosion inhibitor
- Wastewater treatment chemicals
- Tank cleaning chemicals
- Scale Inhibitors & dissolvers
- Salt dispersant
- Oxygen Scavengers

- H2S Scavengers
- Defoamers
- Foamers and foam sticks for gas well deliquification.
- Drilling and completion chemicals
- Sub-sea fluids
- Stimulation chemicals
- Pipeline & process chemicals
- Water solutions
- Utility chemicals

#### **AMOTOI LABORATORY**

AMOTOI LABORATORY is a key part of the OFC business that provides for laboratory analysis, trials, study and simulations prior to field applications of products or optimization of processes.

Our laboratory activities are rendered in support of the OFC – Technical Team to enable them resolve field production/operational challenges.

The activities include Research and Product Development, Production and Product Blending, laboratory analysis/assays.

The team work together both in the laboratory and in the field to achieve overall organizational goals.

## AMOTOI LABORATORY ACTIVITIES Research and Product Development

#### **Chemical production/Product Blending**

- Using upscale formulation to produce/blend required solution to problems.
- Ensure availability of raw materials, packaging materials and products at all times.
- Conduct QC analysis on the product blended alongside with the issuance of certificate of analysis (COA).
- Technical service support

#### Laboratory simulations and trials for:

- Demusifier bottle tests;
- Water clarifier screening and selection;
- Pour point screening and selection;
- Wax inhibitor screening and selection and so many others.

#### **Other Laboratory services**

QA/QC activities for all products coming into or leaving the AMOTOI OFC PH warehouse.

#### PROVISION OF PROCUREMENT SERVICES:

Amotoi Global Services Limited currently undertakes Procurement of Heavy and Light Materials, Equipment, and Tools. Our competence drawn from experience has seen us add value to our clients; a demonstration of such value was evident in our cost effective and timely delivery of marine supplies to be distributed to host communities by a client. Amotoi Global Services Limited also engages in fabrication with a scope that includes; designing, building and delivery. Our clients include NLNG, SPDC, Aiteo, NAOC, etc

## AMOTOI GLOBAL SERVICES LIMITED PROVISION OF SURVEILLANCE & SECURITY SERVICES:

AMOTOI has in the past 5 years carried out the Surveillance & Security Services the scope of which covers provision of surveillance services on facilities such as Well heads, Flowlines, Manifold, Delivery lines, Flow Stations at Odeama Creek and Santa Barbara Fields for a number of clients such as Aiteo Eastern Exploration & Production Company Limited.

The scope of these services provided includes the provision of local guards on patrol as well as the provision of Fast boats for the local guards' patrol. The surveillance services provided are usually complemented by the presence of the Joint Task Force (JTF) personnel to be provided with military gunboats and adequate accommodation by way of floating accommodation platforms (houseboats).

## **WHAT WE'VE DONE**

#### PROJECTS ON HAULAGE OF PETROLEUM PRODUCTS

NAME OF PROJECT	CLIENT	PROJECT DESCRIPTION
SUPPLY OF AUTOMATIVE GAS OIL (AGO)	NIGERIA AGIP OIL COMPANY.	SUPPLY OF DIESEL(AGO) AT NAOC, BRASS TERMINAL
SUPPLY OF AUTOMATIVE GAS OIL (AGO)	NIGERIA AGIP OIL COMPANY.	SUPPLY OF DIESEL(AGO) AT NAOC, BRASS TERMINAL
SUPPLY OF AUTOMATIVE GAS OIL (AGO)	Shell Petroleum Development Company of Nigeria Limited	SUPPLY OF AGO TO NEMBE HOST COMMUNITIES (IBIDI & OBIOKU)
SUPPLY OF AUTOMATIVE GAS OIL (AGO)	Shell Petroleum Development Company of Nigeria Limited	SUPPLY OF DIESEL(AGO)AT SANTA BARBARA 14
SUPPLY OF AUTOMATIVE GAS OIL (AGO)	Shell Petroleum Development Company of Nigeria Limited	SUPPLY OF DIESEL(AGO) AT SBAR
SUPPLY OF AUTOMATIVE GAS OIL (AGO)	Chevron Nigeria Limited	SUPPLY OF DIESEL (AGO) [In view].

# PROJECTS ON PROVISION OF ENGINEERING, CONSTRUCTION & INSTALLATION SERVICES

NAME OF PROJECT	CLIENT	PROJECT DESCRIPTION
Pipeline Repairs	Shell Petroleum Development Company of Nigeria Limited	Crude theft Pt veron 24" NCTL@ Nembe das
Nembe Creek W26T FL Replacement	Shell Petroleum Development Company of Nigeria Limited	Crude theft Pt rem24" old NCTL @sego
Bunkwall Reconstruction Odeama Flow Station-WingC	Shell Petroleum Development Company of Nigeria Limited	Bunkpt removal on 8" Cawthrone channel 2dl
Construction & Replacement of Flowline in NES1& 2Swamp Areas	Shell Petroleum Development Company of Nigeria Limited	Extra work on 28"@bodo .
Flowline Repairs / Sectional Replacement/Facility Modifications	Aiteo Eastern Exploration & Production Company Limited	Clamping of well 6T Flowline, Full replacement of Well 3s flowline, Sectional replacement of 4"flowline, Installation of 8"Suction Header, Sectional Replacement of 8"discharge line, Leak Repair of 2"Air line.
Flowline Repairs / Sectional Replacement	Aiteo Eastern Exploration & Production Company Limited	Replacement of LP2 Separator spool, Installation of 49L AVA UNIT, Exports Pump header spools leak repair, Removal of G342
Flowline Repairs / Sectional Replacement	Aiteo Eastern Exploration & Production Company Limited	Sectional Replacement Of Corroded 1/2" Drain Line Of LP Separator To The Chemical Injection Line
Installation of Cathodic Protection System/Corrosion control	Morpol Jaihind/Indorama.	Procurement, installation and Commissioning of both Temporary and Permanent Impressed Current Cathodic Protection System for the 18" x 83Km Indorama Gas pipeline project.

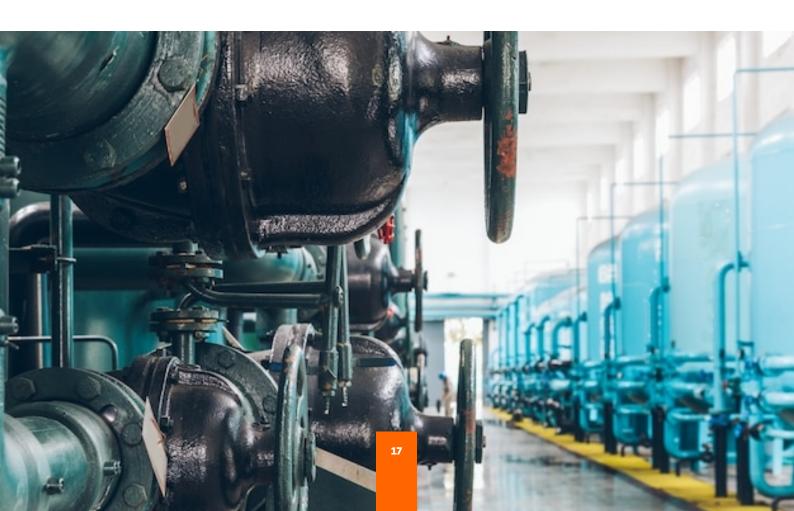

Flowline Repairs / Sectional Replacement	Aiteo Eastern Exploration & Production Company Limited	Sectional replacement of 4"flowline riser goose neck change,
Flowline Repairs / Sectional Replacement	Aiteo Eastern Exploration & Production Company Limited	Sectional replacement of 4"flowline ( Well 63s,54S,20L, Nembe Creek 2)
Installation of Cathodic Protection System/Corrosion control	Topline/NAOC	Procurement ,Installation of Solar Powered CP System for 24"x 80Km NAOC Gas Pipeline.
Installation of Cathodic Protection System/Corrosion control.	Oilserv/NIPP.	Procurement, Installation and Commissioning of both Temporary and Permanent Cathodic System for the 18" Egbema NIPP Gas pipelines
Construction of Chemical Blending Plant	Amotoi Global Services Limited	Construction of Ultra Morden Chemical Blending Plant at Ohia Ishimini by Airport Road, Mbodo- Aluu, Rivers State.

#### PROJECTS ON INCINERATION AND TREATMENT SERVICES

NAME OF PROJECT	CLIENT	PROJECT DESCRIPTION	
Provision of containment and recovery, clean up and remediation Services	Aiteo Eastern Exploration And Production Company Limited	Containment and recovery of spilled crude at sego manifold	
Provision of containment and recovery, clean up and remediation Services	Aiteo Eastern Exploration And Production Company Limited	Containment and recovery of spilled crude at moneygram close to creek 6 NCTL	
Provision of containment and recovery, clean up and remediation Services	Aiteo Eastern Exploration And Production Company Limited	Clean up of contaminated/ dead mangrove at sego manifold	
Provision of Waste Management Services	Aiteo Eastern Exploration And Production Company Limited/ Aviam Offshore Engineering Company Limited	Incineration & transportation of hazardous waste	
Provision of Major Waste Management Services			
Provision of Major Waste Management Services	Shell Petroleum Development Company of Nigeria Limited (WEST)	Incineration & transportation of 5000 tons of hazardous waste	
Provision of Remediation Services	Shell Petroleum Development Company of Nigeria Limited	Remediation services at km 25,26,27 rumuekpe community, est —west road, Rumuodara Port- Harcourt.	
Provision of Remediation Services	Total Exploration & Production Nigeria Limited	Enhanced Microbial Degradation of Petroleum Hydrocarbon Contaminated Soil at Rumuekpe	
Provision of Remediation Services	Chevron Nigeria Limited	Oil Spill Clean-up and Bioremediation of Oil Pulluted Site at Ikorogho spill site.	
Provision of Remediation Services	Total Exploration & Production Nigeria Limited	Clean-up of Oil Spill Areas at Km 15.1 16" truck line Oil spill site Odimerenyi	
Provision of Remediation Services	Total Exploration & Production Nigeria Limited	Remediation of Obagi Waste pit No 35/82.	
Provision of Remediation Services	Total Exploration & Production Nigeria Limited	Clean-up of oil spill at Km 25/26 Obagi- Rumuekpe export line crude oil spill clean-up at Idoke-Rumuekpe axis.
